

A man in an orange jacket and cap is shown in profile, holding a Marlin rifle. He has binoculars hanging from his neck. The background is a blurred outdoor setting.

Marlin[®] 
CLASSIC. AMERICAN. RIFLES.

2014
FIREARMS CATALOG

MORE THAN 140 YEARS IN THE WOODS HAS TAUGHT US A FEW THINGS.

Building rifles that translate to success in the real world of America's hunters and shooters is what we do best. Our lever actions have carved a legacy because they simply make you more lethal when it matters most. And by building the most diverse lineup of rimfires in the industry, we continue to fuel the passions of more shooters than anyone else. Yesterday, today and for future generations, Marlin is proud to offer

CLASSIC

Marlin®

AMERICA'S RIFLE FOR 144 YEARS.

This year we proudly reintroduce Marlin. We are bringing back classic lever-action models while continuing to deliver some of the best bolt-action rifles on the market. Whether you are teaching grandkids to plink, kids to hunt or preparing for your own once-in-a-lifetime adventure, Marlin offers the rifle for you.

From its beginning in 1870, Marlin has continually delivered a winning combination of quality, performance and affordability that has remained a hallmark of this storied American brand.

Ours is a proud history. Yet the story of Marlin is still being written by the generations of sportsmen who call us their brand. So here's to the past, the future and the heritage that we continue to create together.

Let us know what you think, please visit us at www.marlinfirearms.com or join the conversation at: [facebook.com/MarlinFirearms](https://www.facebook.com/MarlinFirearms)

IT'S THE CLASSIC AMERICAN LONG GUN

THE FINEST MATERIALS

We start with premium grade steel carefully chosen for its superior rigidity and hardness. Our stocks are crafted of high-grade American walnut.

A TRULY SUPERIOR DESIGN

Ours is the strongest lever-gun receiver ever conceived. Its substantial sidewalls are cut out only where necessary for loading and ejection. For rock-solid reliability, heat-treated solid-steel forgings are used for the receiver and trigger guard.

YOUR SAFETY LEVER.

AT MARLIN, SAFETY IS OUR TOP PRIORITY. EVERY MARLIN LEVER ACTION HAS THESE KEY FEATURES BUILT IN:

- 1 TRADITIONAL HALF-COCK HAMMER POSITION:**
The hammer can be locked in the half-cock position as a convenient safety.
- 2 TRIGGER BLOCK:**
This device prevents the trigger from being pulled unless the lever is fully locked up.
- 3 TWO-PIECE FIRING PIN:**
Ensures the primer cannot be struck unless the rifle is in the fully locked position. The rear section of the pin drops out of alignment with the front until the locking bolt is fully engaged.
- 4 HAMMER-BLOCK CROSSBOLT SAFETY:**
A positive, highly visible safety mechanism that prevents the hammer from striking the firing pin – even when the trigger is pulled.

THE ACCURACY ADVANTAGE

Accuracy starts in the materials and the craftsmanship. Marlin uses the finest materials to create the strongest receivers. And our skilled gunsmiths adhere to the tightest manufacturing tolerances to ensure outstanding results. The first time you print a group with one of our lever guns is an eye-opening experience. You're shooting precision machinery, and it shows.

MODEL 336C

MODEL 39A

MODEL 1895

OUR LEVER-ACTION LEGACY

It's the classic American long gun, a tool of history and just as much a symbol of the Old West as the six-shooter. The Marlin® brand is synonymous with lever action repeaters. It's a rich tradition, with a heritage stretching back to the Model 1881, our first centerfire, and the Model 1891, our first rimfire. In fact, Annie Oakley trusted the Model 1891 above all others to demonstrate her legendary marksmanship. Today, hunters and sportsmen alike are still demonstrating their marksmanship with Marlin rifles, including the Model 39A, still in production today as

the oldest continuously produced rifle in the world. Marlin is the first name in lever action, producing classics like our 1894 carbines, 1895 rifles and our top-of-the-line 336 series. Each is made from premium grade steel to create the strongest lever-gun receiver ever built. The action of the lever is ultra-smooth for rapid follow-up shots. And for rock-solid reliability, heat-treated solid-steel forgings are used for the receiver and trigger guard plate. Marlin is always working to improve these timeless rifles with new technology.

OFFERS FAST HANDLING RAPID FOLLOW-UPS

IDEAL FOR:

**NEW
FOR 2014**

MODEL 336BL

America's favorite lever action keeps advancing. This time with a Big Loop Lever for faster, more efficient chambering and ejection with gloves on, plus striking laminated woodwork that improves weather resistance and adds aesthetic appeal. Its 18 1/2" barrel is handy in the brush, and the full-length magazine tube gives you six rounds of 30-30 Win. assurance at the moment of truth. Six-shot tubular magazine.

MODEL 336W

This hunting machine is chambered for 30-30 Win. and features a 20" Micro-Groove® barrel with adjustable rear sight and ramp with hood front sight. Plus, its receiver is drilled and tapped for scope mounts. The walnut-finished laminate stock and fore-end have cut checkering and comes with a padded nylon sling. This carbine is also available with a factory-mounted and boresighted 3-9x32mm scope shown above (Order #70521). Six-shot tubular magazine.

AMERICA'S MOST FAMOUS FAMILY OF DEER SLAYERS

The Model 336 family are icons of the deer woods. And this year, we're celebrating their standard-bearer with the Model 336C special limited edition. Each rifle here is chambered in 30-30 Win. or 35 Rem., and features Micro-Groove® rifling, ensuring that tags will be filled, mouths fed and the reign of America's ultimate woods rifle family will continue going strong.

Engraved 24-Carat Gold Marlin Horse and Rider

MODEL 336C LIMITED EDITION & 336SS

It is the flagship of our Model 336 family and one of the most popular hunting rifles in North America. Now we're giving our industry standout its due with the Model 336C Limited Edition. Highlights of this special limited edition include a 24-Carat gold Marlin Horse and Rider engraved on the left, and scroll work on the right; "Limited Edition" stamped on the barrel; a gold-plated trigger; and an eye-catching, B Grade walnut stock with fleur-de-lis checkering. Featuring a 20" barrel with Micro-Groove® rifling, richly blued finish and 30-30 Win. or 35 Rem. chambering, it is a timeless embodiment of dependability, accuracy and handsome looks. Also available, the Model 336SS is constructed primarily of stainless steel for corrosion-resistance and long-term durability.

MODEL 336XLR

This is the ultimate long-range evolution of our traditional lever action Model 336. Used in conjunction with today's spire-point flexible-tip ammunition and a 24" barrel, this rifle turns the 30-30 Win. cartridge into a 250+ yard deer dropper. For weather resistance, all major components are crafted of stainless steel, and the woodwork is two-tone laminate. It has a full pistol grip, swivel studs and cut checkering. Along with fully adjustable sights, it's drilled and tapped for scope mounts. Five-shot tubular magazine.

SUPERIOR RECEIVER:

Our clean, flat, solid-top receiver keeps out debris and foul weather, and is drilled and tapped for a scope mount. Its true side ejection equally accommodates both right- and left-handed shooters.

REAR SIGHTS:

Our adjustable semi-buckhorn folding rear sights.

**TRIED AND
TRUE** AS THE TRADITION THEY'RE FORGED FROM

IDEAL FOR:

MODEL 1895SBL

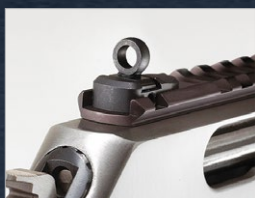

Acquire and fire with a quick-pointing 18½" barrel, and cycle rapidly through six rounds of 45-70 Gov't. with the Big Loop Lever. It's as rugged as the tradition that it's made from, with the modern advancements of stainless steel metal components and a weather-resistant black/grey laminated stock.

MODEL 444

The legendary speed and smooth operation of the Marlin lever action in the hard-hitting 444 Marlin – a cartridge that generates nearly 1½ tons of muzzle energy. Its 22" barrel makes it both handy and well-balanced.

**LEVER ACTION:
BIG-BORE CENTERFIRE RIFLES**

XS GHOST RING SIGHTS

A sighting system optimized for rapid target acquisition, XS Ghost Ring Sights are the ultimate for close quarters and heavy-cover situations. Simply point and shoot with pinpoint accuracy. *(Offered on 1895SBL only).*

MODEL 1895 & 1895CB

For hunters who appreciate the fit and function of a classic 45-70 firearm. The Model 1895 has a 22" barrel, while the Model 1895 CB has a 26" barrel. And each comes with Ballard-style rifling and handsome American black walnut stock.

MODEL 1895GBL

Easy to lever with gloves when hunting in cold weather country, our Big Loop Lever innovation makes the lever action 45-70 Gov't. even better. It features a two-tone brown laminate stock for enhanced weather resistance and distinctive looks.

MODEL 1895G & 1895GS

Lightweight and hard-hitting, these two lever action carbines are the rifle of choice for many professional hunting guides. The Model 1895G has richly blued steel. The Model 1895GS has all major metal parts machined from stainless steel for corrosion resistance.

INNOVATION SINCE 1889

IDEAL FOR:    

MODEL 1894 COWBOY

Tapered octagon barrel. Ballard-style rifling. It looks the part for the open range, but beneath the richly blued finish, classic black walnut stock and fore-end, beats the receiver of a precision-tuned modern firearm. The Model 1894 Cowboy has a 20" tapered octagon barrel and is chambered for 45 Long Colt. Ten-shot tubular magazine.

MARLIN DEVELOPED THE FIRST FLAT-TOP, SIDE-EJECT RECEIVER

and has been leading the way ever since. We took the original look and feel, then combined it with our best rifle technology to create a gun that looks like history and shoots like the future.

MODEL 1894 & 1894C

The Model 1894 is an elegant carbine chambered for pistol calibers. Its handy size is punctuated by a quick-pointing, straight-grip stock design and Old West-styled, adjustable semi-buckhorn sights. Also available is the Model 1894C. Chambered for 357 Mag./38 Special, the Model 1894C is the natural sidekick to your revolver of the same caliber. Both feature finely checkered American black walnut stocks and fore-ends. Ten-shot tubular magazine (Model 1894) and nine-shot tubular magazine (Model 1894C).

1894 - 2014

CELEBRATING ONE HUNDRED TWENTY YEARS

LONG-RANGE ACCURACY, LETHAL KINETIC ENERGY

IDEAL FOR:

MODEL 308MX

The traditional look of blued steel and walnut woodwork, with the outstanding long-range ballistics of the 308 Marlin Express offering. Equipped with a 22" barrel and fully adjustable sights. Receiver is drilled and tapped. Five-shot tubular magazine.

MODEL 338MX & 338MXLR

Classic good looks with the long-distance, big game dropping power of our 338 Marlin Express. The Model 338MX has a 22" barrel, blued steel metalwork and American walnut woodwork. And the Model 338MXLR has a 24" barrel, weather-resistant two-tone laminate stock and stainless steel components.

LEVER ACTION: 308 MARLIN EXPRESS

**KINETIC ENERGY IS THE FANCY WAY OF SAYING
“HITS LIKE A RUNAWAY FREIGHT TRAIN.”**

That’s what the 308 Marlin Express does. These deluxe long-range Marlin rifles get the job done time and time again on big game like elk, moose and bear. Rounds fly flat, fast and accurate, then hit with a devastating punch. They’re the only 300-yard chamberings for tubular-magazine lever actions. And only Marlin makes them.

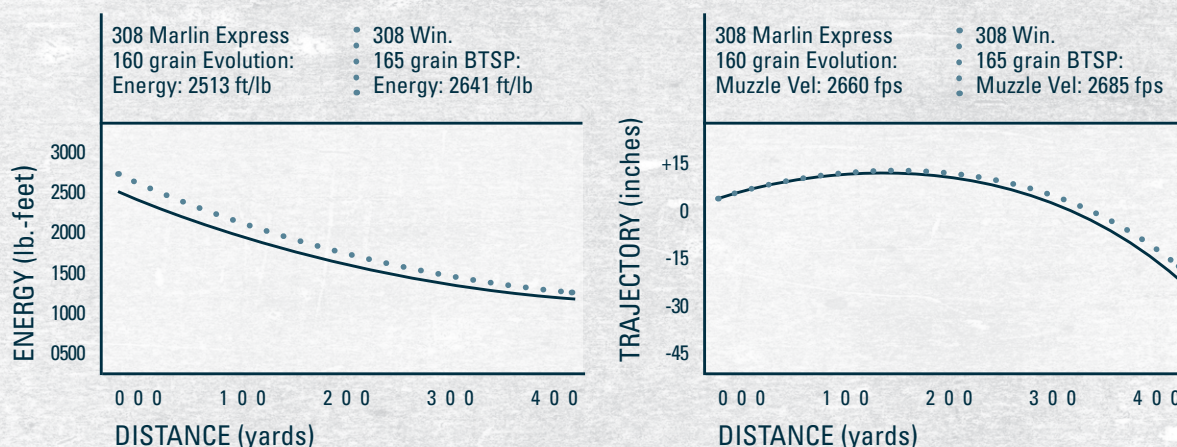

SPIRE-POINT FLEXIBLE-TIP BULLETS: Providing a higher ballistic coefficient and dramatic velocity increases over traditional round-nose bullets, they ride safely in tubular magazines thanks to flexible polymer tips.

MODEL 308MXLR

With an awesome 24” barrel of bullet-stabilizing, powder-burning steel, this super-tuned rifle platform stretches the maximum lethal distance from our breakthrough 308 Marlin Express chambering. For weather resistance, all major components are crafted of stainless steel, and the stock and fore-end are a distinctive two-tone laminate. Its extremely rugged stock has a full pistol grip and pre-installed sling swivel studs. Other features include side ejection, a solid-top receiver that’s tapped for scope mounts and fully adjustable sights. Five-shot tubular magazine.

THE 308 MARLIN EXPRESS vs. THE 308 WIN.

THE INDUSTRY'S BEST FEATURES AND ITS FINEST VALUE

IDEAL FOR: 

ANATOMY OF A BEST-IN-CLASS BOLT ACTION

- 1 SOFT-TECH® RECOIL PAD**
Our proprietary design, the Soft-Tech pad dramatically lessens felt recoil for enhanced shooting comfort. It'll improve your shooting from the bench and in the field.
- 2 PILLAR BEDDING**
A common aftermarket upgrade, this custom touch is added to provide the accuracy of a hand-built rifle. Steel pillars are fitted in the stock to reinforce the mounting area and provide a more solid, consistent fit.
- 3 PRO-FIRE® TRIGGER SYSTEM**
This innovative, user-adjustable trigger system was developed in house to provide the ultimate in crispness and safety. It has virtually zero creep and can be set to break as low as 2½ lbs. The external Pro-Fire release mechanism prevents movement of the trigger until it is fully depressed.

- 4 FULLY ENCLOSED BOLT SHROUD WITH COCKING INDICATOR**
Protects the shooter in the case of a pierced primer or case failure. An easy-to-see cocking indicator is readily visible under the bolt shroud whenever the rifle is cocked.
- 5 BUTTON-RIFLED BARREL**
The button rifling process creates the smoothest finish of any barrel manufacturing technique. This refined, ultra-consistent launch surface for your bullets means improved accuracy. Button-rifled barrels are also exceptionally strong. All feature a target crown to enhance shot-to-shot precision, and six-groove rifling.
- 6 FLUTED BOLT**
Marlin's fluted bolt design decreases surface area and resulting drag, making the X7's bolt one of the smoothest actions available.

CUSTOM-GRADE ACCURACY COMES STANDARD

All of today's best bolt-action technologies come together in the tightest group of hunting rifles ever offered in their class. In case you're thinking accuracy isn't everything, it has all those other things, too. Like Marlin's 140-year heritage reliability and superior craftsmanship. With cutting-edge features such as our Pro-Fire® Adjustable Trigger, a button-rifled barrel with target-style crown, a pillar-bedded stock, Soft-Tech® recoil pad and more, the X7 Series makes a big statement wherever game animals and competing rifles call home. Capacity for all models is 4+1.

MODEL X7™ & X7Y

Super-tough black synthetic, long-action Model X7 chamberings include 25-06 Remington, 270 Win. and 30-06 Springfield. The short-action Model X7 is available in 223 Remington, 7mm-08 Remington and 308 Win. To serve youth and shooters of small stature, there's the compact Model X7Y, chambered for 243 Win., 7mm-08 Remington and 308 Win. For the complete package, the Model X7 is available with a 3-9x40mm scope mounted and bore-sighted, available in both standard youth (243 Win., 7mm-08 Remington and 308 Win.) and adult (243 Win., 270 Win. and 30-06 Sprg.) chamberings.

MODEL X7VH

A varmint configuration of our famous X7, this model is equipped with a 26" heavy barrel, and chambered in 223 Remington, 22-250 Remington and 308 Win.

XT™ SERIES: A SERIOUSLY TIGHT GROUP OF FEATURES

ERGONOMIC STOCK

This ergonomic stock is designed for easy handling and improved fit and feel. This stock shoulders quickly and comfortably, helping to create textbook form round after round.

XT PISTOL GRIP

This pistol grip features a slight palm swell for a rich feel and solid grip. By improving the shooter's overall grip on the rifle, we are able to improve handling, shouldering, shooting form and ultimately accuracy.

THUMB AND TRIGGER SAFETY

In addition to the standard thumb safety, the XT™ Series features a trigger safety incorporated into the Pro-Fire® Adjustable Trigger, which prevents the trigger from being pulled until the trigger safety is fully depressed, for an added level of safety and confidence.

REDUCED BOLT FORCE

Through improved trigger technology, we are able to reduce the overall bolt force release, for easier ejection and faster chambering.

XT PRO-FIRE® ADJUSTABLE TRIGGER

Marlin's user-adjustable trigger system allows the shooter to customize the trigger pull weight between 3 and 6 lbs., while providing the ultimate crispness and virtually zero creep. Everyone's finger works a little differently, and the Pro-Fire® Adjustable Trigger accommodates those differences to ensure a crisp, smooth pull every time for better accuracy.

LOADED WITH THE LATEST AND BEST TECHNOLOGIES

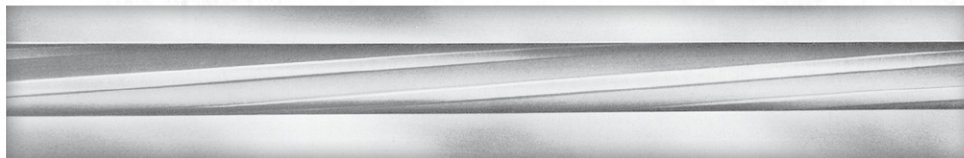

The most complete family of rimfire rifles ever, our Marlin XT™ series take the lead for accuracy, reliability and safety. For a smooth trigger pull, the XT™ series features the Pro-Fire® Adjustable Trigger. Each barrel has Micro-Groove® rifling to ensure pinpoint accuracy on the range or in the field. Our XT™ line also includes our latest innovation, the XT-22 Youth series, two models designed specifically for younger shooters.

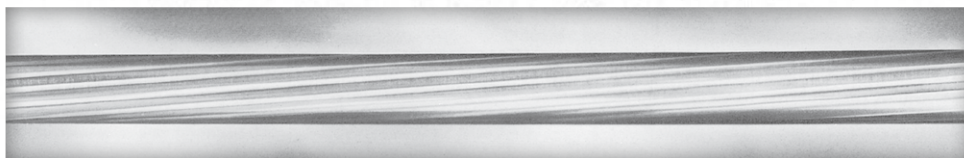

MODEL XT-22RO COMBO

MARLIN'S EXCLUSIVE MICRO-GROOVE® TECHNOLOGY

Micro-Groove® rifling has become synonymous with rimfire accuracy. Introduced in 1953 by Marlin, the Micro-Groove® barrel continues to be revolutionary in terms of accuracy, creating a rimfire bore with many more lands and grooves than conventional rifling (see images below). This system results in less bullet distortion when fired. Less distortion plus a better gas seal lead to greater accuracy and tighter groups. Micro-Groove® rifling is only available from Marlin.

Conventionally Rifled Barrel

Micro-Groove® Rifled Barrel

PERFECT FOR **TARGET PRACTICE AND**
SMALL GAME

IDEAL FOR:    

MODEL XT-22MTR

The XT-22MTR models feature a 12-shot tubular magazine, with a blued barrel and black synthetic stock with swivel studs, and full pistol grip. Includes adjustable rear sight and ramp front sight.

MODEL XT-22MVS

This black synthetic stock masterpiece includes a 4 and 7-shot magazine, stainless barrel, thumb safety, Pro-Fire® Adjustable trigger, rear and front scope bases only.

MARLIN'S PREMIER BOLT-ACTION RIMFIRE RIFLES

These bolt-action 22s are reliable, accurate and fun to shoot. They come in several different models, with 4 or 7-shot detachable magazines or 12-shot tube magazines; synthetic, hardwood or laminated stocks; ramp sights, hood sights or fiber-optic sights. All of them have Marlin innovations such as the Pro-Fire® Adjustable Trigger and Micro-Groove® rifling. The XT-22 series comes chambered in 22 Short, 22 Long, 22 Long Rifle or 22 Win. Mag Rifle (WMR).

MODEL XT-22TSR

Featuring a tubular magazine, stainless barrel, thumb safety, Pro-Fire® Adjustable trigger, adjustable semi-buckhorn rear folding sight, and high visibility orange front sight this 22 is ready to go. Available with a black synthetic stock with swivel studs and full pistol grip.

MODEL XT-22RO COMBO

Each XT-22RO Combo features a 7-shot magazine, blued barrel, thumb safety, Pro-Fire® Adjustable trigger, and comes with 3-9x32mm scope factory mounted and bore-sighted.

MODEL XT-22

With a Monte Carlo walnut-finished hardwood stock, the XT-22 features a 7-shot magazine, blued barrel, thumb safety, Pro-Fire® Adjustable trigger, adjustable rear sight and ramp front sight.

STILL ONE OF THE GREAT CONNECTIONS THAT A SMART PHONE CAN'T PROVIDE

IDEAL FOR:

MODEL XT-17V

A tool for every task... And for varmints, the right tool is the XT-17V chambered in 17 HMR. It sends a polymer-tipped bullet rocketing down range at 2,500+ feet per second with a laser-flat trajectory. Our XT Pro-Fire® Adjustable Trigger produces an extremely consistent trigger pull with an ultra-clean break. Included are 4-shot and 7-shot magazines. The rugged walnut-finished hardwood Monte Carlo stock comes with sling swivel studs. The receiver is drilled, tapped and grooved for your choice of convenient scope mounting options. Model XT-17V0 available with a factory-mounted and bore-sighted 3-9x32mm scope.

MODEL XT-22YR

A full-size rifle doesn't fit in a youth's hands the same way it fits in an adult's, making it harder to learn the correct grip and shooting form. Marlin's latest innovation is the XT-22 Youth Series. It's the first series of rifles designed exclusively for young shooters. It features a shorter stock, shorter trigger reach, smaller grip and a higher comb; making it easier for a youth to acquire and hold the proper sight picture. These rimfires also feature a reduced bolt opening force, for smoother loading and to prevent misfeeds. Our Pro-Fire® Adjustable Trigger adjusts the trigger pull, too. Pass on your love of shooting and hunting to the next generation, and give them the right start with this line of rimfire rifles.

RIMFIRE:
XT™ -22 / XT™ -17
MODEL 795
MODEL 70PSS

MARLIN IS PROUD TO SUPPORT PROJECT APPLESEED

Project Appleseed and The Revolutionary War Veterans Association's mission is to teach every American our shared heritage and history, as well as traditional rifle marksmanship skills using our Model 795.

Visit www.appleseedinfo.org to learn more.

MODEL 795SS

Accuracy. Reliability. Lightweight. This rugged, economical 22 autoloader features an 18" barrel, 10-shot nickel-plated magazine, and an automatic "last-shot" bolt hold-open. Its black, fiberglass-reinforced synthetic stock is virtually indestructible, with molded-in checkering and swivel studs. With sleek lines in a corrosion-resistant, stainless steel finish, this all-season favorite is fitted with an adjustable open rear sight and a ramp front sight. Our Model 795 is also available in a blued steel finish.

MODEL 795 COMBO

Synthetic, scoped combo. 10-shot nickel magazine. 4x20mm scope mounted and bore-sighted.

MODEL 70PSS

This stainless steel, semi-auto tack driver packs down compactly in its case, making it the perfect companion for any activity where space is at a premium. You can take it apart and put it back together in a matter of seconds. It features stainless steel construction, a rugged fiberglass-filled black synthetic stock and a 7-shot magazine.

Padded case with built-in flotation comes with every 70PSS for easy carrying and storage.

SQUIRRELS TARGETS
RABBITS FUN

IDEAL FOR:   

MODEL 60SB

The added durability of stainless steel paired with a traditional walnut-finished laminated stock.

MODEL 60SN

The classic Model 60 with a rugged, black synthetic stock featuring molded-in checkering and swivel studs. A 4x20mm scope included with Model 60SN w/Scope (70651).

TRUSTED ABOVE ALL OTHERS, MORE THAN 11 MILLION TIMES

After 54 years and more than 11 million rifles sold, the Model 60 is one of the world's most popular 22 rimfires – and an American classic in every way. Sleek lines cover the handsome, walnut-laminated stock, while the 19" Micro-Groove® rifled barrel has a precision-crowned muzzle to split hairs like no other. Enhancing its appeal, the tubular magazine holds up to 14 Long Rifle rounds, while the cross-bolt safety and the manual bolt include our automatic "last shot" bolt hold-open. From young shooters entering the sport, to veterans needing a straight-shooting

companion, choose the 22 rimfire trusted more than 11 million times. See the options.

MODEL 60

One of the most popular 22s in the world. Available in Monte Carlo walnut-finished laminated stock.

MODEL 60C

The world's most popular 22 rifle is also available with synthetic Monte Carlo stock covered with a Realtree® Hardwoods™ pattern.

MODEL 60SS

Our famous Model 60 with the versatility of a stainless steel finish and a two-tone laminated stock.

ACCESSORIES

XT™ SYNTHETIC STOCKS

The ergonomic XT™ Synthetic Stock is designed for easy handling and improved fit and feel. You will find this stock shoulders quickly and comfortably, helping to create textbook form round after round. Stock grip features a slight palm swell for a rich feel and solid grip. By improving the shooter's overall grip on the rifle, we were able to improve handling for ultimate accuracy.

XT™ SYNTHETIC YOUTH STOCK

- Research and measurements conducted over a 4 year period.
- Dimensions are from 50th percentile from large samplings of 12-year old youths.
- Dimensional changes to classical stock dimensions based on fit differences:

Length of Pull	- 2"	(Shorter arms)
Drop at Comb	+1/4"	(Shorter head height, improved sight picture)
Grip Circumference	-5/8"	(Smaller hands and fingers)
Trigger Reach	-1/2"	(Shorter fingers)

*Made to work on Model XT & 900 Series Firearms

MODEL 60 WOOD STOCKS

- Convert your Model 60 into a thing of beauty.
- Available in Desert Camo Satin and Green Mountain Camo Satin laminates.
